ENTRECOMP

The Entrepreneurship Competence Framework

The IMPACT tool is based on EntreComp – The Entrepreneurship
Competence Framework, published in 2016 by the European Commission.

EntreComp defines *entrepreneurship* as « a transversal competence, which applies to all spheres of life: from nurturing personal development, to actively participating in society, to (re)entering the job market as an employee or as a self-employed person, and also to starting up ventures (cultural, social or commercial)».

TEST CHARACTERISTICS

- It is presented in a dynamic, attractive and interactive way.
- It includes audio-visual support to clarify concepts.
- You can choose the competence to be measured.
- You will get the descriptive / quantitative results immediately together with recommendations.
- You can measure your progress and compare the results.

IMPACT

Educators, teachers and trainers can use the tool to measure young people's competences as well as their progress (compare results).

TEST RESULTS

The result of the project is an interactive test with 55 items for self-assessment of the following competences proposed by EntreComp: Initiative, Motivation and
